

ICB Primary Care Commissioning Committee

Date of meeting	10 October 2024
Title of paper	Group Escalation and Assurance Report
Presented by	Peter Tinson, Director of Primary & Community Care
Author	Sarah Danson, Senior Delivery Assurance Manager David Armstrong, Senior Delivery Assurance Manager
Agenda item	7
Confidential	No

Executive summary

This report highlights key matters, issues, and risks discussed at the below group meetings since the last report to the Committee on 29 August 2024 to advise, assure and alert the Primary Care Commissioning Committee.

- Primary Medical Services Group: Peter Tinson (Director of Primary and Community Care)
- Primary Dental Services Group: Amy Lepiorz (Associate Director Primary Care)
- Pharmaceutical Services Group: Amy Lepiorz (Associate Director Primary Care)
- Primary Optometric Services Group: Dawn Haworth (Head of Delivery)
- Primary Care Capital Group: Donna Roberts (Associate Director of Primary Care)

Each summary report also highlights any issues or items referred or escalated to other committees or the Board. Appended to the report are the risks currently being managed by the respective groups.

Reports approved by each Group Chair are presented to Committee to provide assurance that the committees have met in accordance with their terms of reference and to advise the Committee of business transacted at their meeting.

Recommendations

The Primary Care Commissioning Committee is requested to:

• **Receive** and **note** the Alert, Assure, Advise (AAA) reports from the five delegated primary care groups and risk registers from each group

Wh	ich Strategic Objective/s does the report contribute to	Tick	
1	Improve quality, including safety, clinical outcomes, and patient experience	Х	
2	To equalise opportunities and clinical outcomes across the area		
3	Make working in Lancashire and South Cumbria an attractive and desirable option for existing and potential employees		
4	Meet financial targets and deliver improved productivity		
5	Meet national and locally determined performance standards and targets		
6	To develop and implement ambitious, deliverable strategies		
Implications			

Associated risks Yes No N/A Comments Any risks for the Committee's awareness are included in the triple A report

Are associated risks detailed on the ICB Risk Register?

ICB Primary Care Commissioning Committee 10 October 2024

Committee Escalation and Assurance Report

1. Introduction

1.1 This report highlights key matters, issues, and risks discussed at the Service Group meetings since the last report to the Committee to advise, assure and alert the Primary Care Commissioning Committee.

Committee: Primary Medical Services Group

Date: 14th
August 2024

Chair: Peter Tinson

Key Items Discussed		
Issue	Committee Update	Action
Alert		
Decision-Making Matrix	It was agreed to propose to the Primary Care Commissioning Committee amendments to the Decision Making Matrix which would enable the Group to make decisions about changes to Primary Care Network enhanced access delivery plans and membership.	Formal proposal for Committee consideration.
Leyland Primary Care Network	A paper was received in relation to Leyland Primary Care Network and options were considered regarding future membership.	Director of Primary and Community Commissioning to discuss with Chief Operating Officer.
Advise		
Asylum Seeker/Refugee Schemes	A paper was received which outlined the existing service specifications for the provision of services for asylum seekers and refugees. Based on feedback received the Group agreed to the continuation of these specifications and associated funding. The Group also agreed to explore the future provision of a Protected Learning Time session to share best practice.	Explore Protected Learning Time session.
Vasectomy Service	The Group received the two-stage review of vasectomy services across Lancashire and South Cumbria. Stage 1 involved a review of existing service provision, development of a consistent service specification and tariff price. Stage 2 involved a proposal to shift all remaining hospital vasectomy provision to primary care. The specification, proposed tariff price and activity shift were supported and referred to the QIPP Group for consideration (the review is one of the primary care savings schemes).	Referred to QIPP Group for review.
Capacity and Access	A paper was presented requesting the approval of payments for Ribbleton PCN. All the required	Payment to be actioned.

Improvement Payment Update – 2024/2025	information was provided and it was also confirmed that the PCN had cloud based telephony and had signed all the required data protection notices. The Group approved the payment.	
Assure		
Clinical Waste Update	Arrangements were being put in place to seek Primary Care Commissioning Committee approval of the procurement documentation.	Primary Care Commissioning Committee consideration of procurement documentation.
Dill Hall Update	The Group was asked to consider an extension to the current contract with East Lancashire Alliance for a period of three months (until December 2024) to ensure continuity of patient care and completion of patient reviews. The Group agreed the extension.	Three month contract extension.

Briercliffe Surgery P81053 – Contract Extension	Following the consideration of a detailed report, including supporting due diligence, the Group agreed to the proposed contract extension for a further five years (from 1st April 2025 until 31 March 2030).	Extend contract, complete QIA and agree improvement plan.		
Special Allocation Scheme	The Group requested the completion of a Quality Impact Assessment (QIA) and agreement of an improvement plan for the identified metrics. It was reported that the Primary Care Commissioning Committee had agreed to the award of a contract to the incumbent provider via the Most Suitable Provider (MSP) route subject to assurances in relation to value for money and the staffing model. The detailed MSP timeline was reviewed and it was noted that there remained a risk of delay should any other provider express an	Provide value for money and staffing model assurances.		

Review of Local Enhanced Services	The Group was advised that the review of Local Enhanced Services is progressing with initial findings being presented to an internal experts group on 16 October 2024. The Group noted that wider engagement would then follow.	
Parkside Relocation	The Group noted that a discussions were ongoing regarding potential future estates options and if necessary would be subject to patient and partner engagement plus the receipt of a formal request.	
Leyland PCN	It was reported that the current membership arrangements will remain in place subject to wider engagement next financial year.	
Assure		
Annual Assurance Framework	The Group received the completed medical services quarter 2 report for agreement. The Group requested a reminder of the NHSE prompt questions to inform consideration.	More detailed report to be provided including NHSE prompt questions.

Barrow Recruitment Pilot Update	The report provided an update on the dentist retention pilot in Barrow approved on 29 June 2023. The Practice have now fully recruited the maximum of six new dentists, who are all now delivering NHS dental care. The Practice are currently at 40% achievement of their annual contracted activity and have confirmed that they are on track to achieve up to 110% of their targeted activity by the end of the year. This is a major achievement for this contract which has underperformed for many years.	
Electronic Referral Management Service – Market Engagement Report	The market engagement exercise has been completed and has identified 8 potential organisations who would be prepared to submit a formal application if the ICB was to undertake a formal procurement of the Dental Referral Management service. The group approved the paper and have recommended the paper, and its recommendations are authorised by the Primary Care Commissioning Committee.	Present at Primary Care Commissioning Committee on 10 October 2024

	The report has been submitted for approval as a	
	separate agenda item	
Mid-Year Overview	The ICB is as a statutory requirement required to	
2024-25	undertake a formal review of contractual	
	performances at the mid-year point of the	
	financial year.	
	The process and timetable are recommended by	
	NHS England and supported by the BSA.	
	The England and supported by the Bort.	
	The group approved the primary care dental team	
	to administer and action the Mid-Year process in	
	line with the national mid-year process.	
Delegated Services	The report highlighted the local approach to	
Assurance	ensuring compliance with the assurance	
Framework _Q2	requirements NHS England expects from the ICB	
	in relation to the commissioning of delegated primary care services. The paper contains the	
	completed section of the assurance framework for	
	Dental Services for Quarter 2, ending September	
	2024 for approval.	
	The group noted and approved the content of the	
	report.

Advise		
Collins and Butterworth – Local Pharmaceutical Services (LPS) Contract	Lancashire and South Cumbria ICB commissions four legacy LPS pharmacy contracts.	Complete paperwork
extension	Collins and Butterworth hold an LPS contract. This was awarded in 2019 and was for an initial term of 5 years with the option to extend for 2 years.	
	Due to the rurality of the pharmacy, if the extension to the Collins and Butterworth contract is not supported and the current contractor opts to hand back the contract it is unlikely that a standard- non-LPS contract- would be attractive to the market/financially viable. This would leave a gap in pharmaceutical provision.	
	Approved	
Post Payment Verification (PPV) – Medicine Delivery Service	INHS Business Services Authority (NHSBSA) has been carrying out post-payment verification (PPV) of pharmacy contractors for the Medicines Delivery Advanced Service covering the period of April 2021 to July 2021/March 2022, on behalf of NHS England.	Complete paperwork
	The contractors that have claimed during this period have not been able to substantiate the claims by providing any evidence to demonstrate that the Medicine Delivery Service claims made during this period met the requirements set out in the service specification. The NHSBSA Pharmacy Provider Assurance Team has recommended recovery of overpayments from these contractors.	
	Approved.	
Post Payment Verification (PPV) - New Medicines Service (NMS)	NHS Business Services Authority (NHSBSA) has been carrying out post-payment verification (PPV) of pharmacy contractors for the New Medicines Service (NMS), covering the period of April 2021 to March 2022, on behalf of NHS England (NHSE).	Complete paperwork

	A pharmacy in L&SC ICB has been contacted as part of this PPV exercise to request that they provide evidence to substantiate their claims. However, they have not provided any/sufficient. evidence to support all of the NMS claims made, despite several attempts made by the NHSBSA Pharmacy Provider Assurance Team. Recovery of payment for this contractor has been recommended. Approved
