Our journey so far...

2015-2017

Networks and groups of VCFSE start to be established in Places linking to statutory partners

1

2017

LSC part NCVO / King's Fund programme to establish partnerships with VCSE sector.

2

2018

LSC part of the IVAR's Building Health Partnerships Programme.

3

2019

LSC joins Cohort 2 of the 'Embedding VCSE in ICS' programme. VCFSE leads meet for first time as an "Alliance".

4

2021

IVAR published reports and case studies from the Test and Learn programme documenting the work with VCFSE partners in PCNs.

6

Late - 2021

LSC joins into Cohort 3 of the NHSEI supported 'Embedding the VCSE in ICS Programme'.

7

2020

NHS funds IVAR's Test and Learn programme, to develop relationships with PCNs in certain Places. VCFSE begins presence on ICS Board.

5

Apr – Jun 2022

Programme team volunteers draft, socialise and re-draft "Vision". Second Cohort 3 Workshop; Values – 18/5/22.

9

Jan – March 2022

Launch event for the Cohort 3 and volunteer programme team established.

8

Jul – Aug 2022

ICS "Place boundary review". CCG cessation. Cohort 3 Programme team draft proposal for an ICS-wide VCFSE Programme with Alliance support.

10

Aug – Oct 22.

ICB partially agrees to proposal. CF agrees to develop it further with support from ICB. Key ICB Director posts appointed.

11

Nov '22 –

First LSC VCFSE Assembly meeting planned to establish the grounding of the VCFSE Programme.

Vision for our engagement in the ICS

We believe all lives in Lancashire and South Cumbria have equal value however, not all our population have access to equal opportunities. This inequality has a dramatic impact on our health outcomes and the demands we make on our health and care system.

Our Vision is:

To improve the lives of people in our communities across Lancashire and South Cumbria, by developing an effective, transformative partnership between the Lancashire and South Cumbria Health and Care Partnership and the Voluntary, Community, Faith and Social Enterprise sector.

To be an effective transformation partner, the VCFSE sector across Lancashire and South Cumbria will be Connected, Influential and Supported in health and care integration and beyond.

We will utilise the strength, flexibility, responsiveness, innovation and knowledge of the sector to be a permanent transformation partner.

Vision

Connected

- VCFSE organisations and leaders will be supported to establish and develop relationships, to create effective partnerships with each other.
- Capable and competent VCFSE infrastructure will be created and supported at all levels of our system to support and actively pursue shared priorities, with clear accountability to peers, partners and our communities.
- Specialist VCFSE organisations, networks and groups which represent and connect with marginalized people and communities who are seldom heard, under or mis-represented, will be key drivers of transformation.
- System partner strategic leads, SROs and programme leads at all levels will be identifiable, communicative and empowered to work with VCFSE organisations and partnerships.

Vision

Influential

- A system transformation Programme to influence and facilitate greater collaboration between the Lancashire and South Cumbria Health and Care Partnership and the VCFSE Sector will be established.
- The Programme aim will be; To establish the role of the VCFSE sector as a key strategic partner in the transformation of health, care and wellbeing, and drive significant investment and other resources into the sector.
- Effective mechanisms will be created to enable interested VCFSE organisations to be aware of and contribute to the vision, goals and plans of system partners and empower appropriate active participation.

Vision

Supported

- Lancashire and South Cumbria Health and Care Partnership will provide resources to support the transformation Programme, delivered by an impartial VCFSE infrastructure, which Cohort 3 aims to co-create.
- System partners, at all levels, will be aware of the partnership agreement which will exist, and the role they play. Appropriate data sharing agreements will be developed.
- Models for designing and procuring services with the VCFSE will be reviewed and developed in partnership with the sector to maximise the innovation and impact which VCFSE models can deliver to benefit people and communities and our system.

Values

Prioritised Values from May 18th 2022, Workshopped 70+ VCFSE Leaders from across LSC, with support from NAVCA. (attendance list here)

1. Person and Community Focussed.
2. Honest and Transparent.
3. Equitable and Inclusive.
4. Collaborative.

- Long list of “Values” drawn from experience of work by NCVO and NAVCA.
- Each value was assigned a priority by the whole group, top 4 prioritised are listed here.
- Behaviours supporting and frustrating those values were then workshopped in break-out rooms.

Our Principles for being part of the ICS.

The refreshed LSC VCFSE Alliance will:

Empower

- Reframe conversations and encourage our Health and Care Partnership to maximise its use of our knowledge and resources.
- **Enable the voice of VCFSE organisations and groups to be heard across the LSC Health and Care Partnership**
- People and communities are at the heart of initiatives seeking to improve their lives, by collaborating to create local, shared ownership of relevant and sustainable solutions.

Challenge

- Be direct, honest and constructive. Challenging behaviours and ways of working to drive change quickly and effectively.
- Particularly where appropriate opportunities to be less medicalised or less bureaucratised are identified.
- Such challenge will be meaningful and impactful, focusing on the right things to challenge, not for its own sake.

Cooperate

- **Be relationship-driven to develop strong partnerships within the sector and across the LSC Health and Care Partnership.**
- Be open and transparent in pursuing the vision.

Lead

- **Be action and outcomes-driven, and accountable to our peers.**

We have developed

A Vision for why we want to work in partnership with the Integrated Care System.

A set of Values and Principles on which that partnership must rest.

An aim to establish an ICS-wide VCFSE Programme of the ICS, to Connect, Influence and Support each other and partners.

An aim to facilitate significant resources into the VCFSE across Lancashire & South Cumbria.

We want to develop

Shared set of principles and ways of working.

Clear and focused set of measurable priorities.

Proportionate governance that is effective but nimble and able to make decisions.

Process for selecting VCFSE representatives and supporting them to be effective.

Task groups to make proposals to address system issues.

Lancashire and South Cumbria Integrated Care System (ICS)

NHS ENGLAND

NHS England will set strategic aims and priorities and will continue to commission some services at a regional level, providing support to the NHS bodies working with and through the ICS. NHS England will also agree ICBs' constitutions and hold them to account for delivery.

CARE QUALITY COMMISSION

Independently reviews and rates the ICS.

STATUTORY ICS

LANCASHIRE AND SOUTH CUMBRIA INTEGRATED CARE BOARD (ICB)

NHS Lancashire and South Cumbria (our local integrated care board) was established on 1 July 2022 in line with the Health and Care Act 2022. NHS Lancashire and South Cumbria is accountable for NHS spend and performance and is responsible for the day-to-day running of the NHS in Lancashire and South Cumbria.
<https://www.lancashireandsouthcumbria.nhs.uk/>

CROSS-BODY MEMBERSHIP, INFLUENCE AND ALIGNMENT

LANCASHIRE AND SOUTH CUMBRIA HEALTH AND CARE PARTNERSHIP

The broad alliance of organisations and representatives concerned with improving the care, health and wellbeing of the population, jointly convened by local authorities and the NHS. The partnership will enable partners to plan for the future and develop strategies using available resources creatively in order to address the longer term challenges which cannot be addressed by a single sector or organisation alone.

INFLUENCE

INFLUENCE

LANCASHIRE AND SOUTH CUMBRIA PARTNERSHIP STRUCTURES

System

Covers a population of 1.8m

Provider collaboratives

Service providers will be collaborating at the various different levels of system, place and neighbourhood according to need. National guidance has been published and a Provider Collaborative Board (PCB) has been established to enable partnership working of the acute, mental health and community providers across Lancashire and South Cumbria.

Place

Covers a population of 114,000 to 566,000

Place-based partnerships

Planners and providers working together across health, local authority and the wider community, to take collective responsibility for improving the health and wellbeing of residents within a place.

Neighbourhood

Covers a population of 30,000 to 50,000

Primary care networks

Most day-to-day care will be delivered here. Neighbourhoods will develop to bring together partners across health and social care to deliver integrated care and may align with Primary Care Networks.
